ALL BLINDS MANUFACTURED AFTER 1st APRIL 2014 MUST COMPLY WITH NEW CHILD SAFETY LAWS. SAFETY DEVICES SUPPLIED WITH GOODS MUST BE FITTED BY US AT THE TIME OF INSTALLATION. REFUSAL TO ALLOW SAFETY DEVICE TO BE FITTED WILL RESULT IN THE BLINDS NOT BEING INSTALLED. UNDER THE TERMS OF THIS CONTRACT YOU WILL BE LIABLE TO ACCEPT DELIVERY AND PAY THE FULL AMOUNT. I have ordered the above goods and agree to pay the amount shown in full at the time of fitting. If payment is not made in full at that time Aberdeen Blind Company Ltd has the right to remove the goods until full settlement is made. Title of the goods does not pass to the customer until payment has been made in full. Declaring that there shall be no liability for normal damage occasioned by such removal.

Subject: Re ORDER : McLean Ref. 38542 - Further clarification.

Reference the order 38542 Mclean and e-mails below from Josh.

Please review this prior to production of the order and let me know soonest if further clarification is required.

The Roller blinds in both:

Lounge and Ewan's Bedroom are Powered and fitted with; Sonesse 30 RTS 24Vmotors. These are NOT the Battery Motors and WILL be wired back to an Animeo Transformer.

The Order requires a total of 6 x Powered Rollers (as above), 2 x Animeo Transformers (one per room) and 4 x Tellis #4 remotes (two per room).

Do not hesitate to get back to me if needed.

Many thanks and regards,
David.

Subject: RE: Re Quote: McLean Ref. 38542 - Further clarification pls.

Hi David,

1. You state the; The Sonesse 30 RTS (not battery) 24V, how is this different from the Son' 30WFRTS Li-ion listed in the Price Book (p.95) at £170.00. If different, confirm what I should order and retail price. – It is different because it is 24v and not a 12v battery. It is still a radio controlled motor, it just requires power. These motors are priced retail at the same as you would a Sonesse 40, I think it is £180 Inc. VAT.
2. Each Group of three Electric Rollers would only need the; Animeo Power 4.5 DC Transformer 100-240Vac. We would wire each Roller back to this Box with 'Bell Wire', the box plugging directly to the Mains. Pls confirm I can connect each of the three Rollers 'locally' (i.e. connect to each other at ceiling) and run one wire from this 'daisy-chain' from the nearest roller to the mains outlet? – Please see attached photo, the
