Cruickshank Carpets

Product ordered: Vision Blinds

Thank you for the above order of: Vision / Senses Mirage blinds
to be manufactured by Aberdeen Blind Co.

In order for us to make the blinds we advise that the MAXIMUM drop for a blind under 500mm wide is 1500mm. If the drop is over 1500mm, we can manufacture these but please be advised the following may happen:

- The blind may not operate properly up and down
- Coning
- The fabric may fray due to poor operation

As a result of this anything out with this recommendation WILL NOT be guaranteed.

If you are happy for us to proceed, please be assured that we will do everything possible to manufacture the blind(s) to the highest standard.

Your request to proceed will be taken as order confirmation, which exonerates us from any claim for the reasons stated above.

Please proceed with my order:
