Hello David,

I wanted to reach out and let you know that I should have access to the building next week. I hope to pin down a more specific day and time and will provide an update as soon as that is clear. We most likely will have access often as the contractors as going to start the work.

I am also not sure where we left off with payment. I looked through my emails and could not find the proforma so I could pay for the work. Can you please help me get all of this back on track? Thanks in advance.
