Hi Alysha,

Can I check the price you quoted for the family room and the patio doors is that for both window panes and both doors?

I'm a bit confused about the family room window as it's just a normal window, but you have queried the drop?

Lynne

If you would like one of our sales guys out to measure we can get them out and they will have samples and can advise on what is best suited for the windows and doors, also so you can see the samples in the rooms for matching with colours in the room. The prices above are just rough guide prices, when the sales guy comes out to measure he can give you a more accurate costing and are able to provide discounts to the prices also.
