That'd be fantastic. I'm now living abroad and the property is rented so morag at home guard leasing (see email above) will be able to sort out access for you to measure. The house address is:  
11 st ronans circle  
Peterculter  
Ab14 0ne

In terms of selection and similar we want as close as possible to an identical match to the one thats damaged as its one of a pair with the other window next to it.

Please let me know once you've measured and provide the formal quote then i'll get a deposit paid across.

Regards  
Mike

Good morning,

Thank you for your reply.

For clarification, the option to have; 2 x doors on one side and 4 x doors on the other, all these doors would be of equal width. So when closed, the shutter would look similar the adjacent shutter in the room.

Best regards,  
David.

That's great thanks. Will the new one match the colour and style of the existing shutter sufficiently that we don't need to change both in that room (could you share some pics of the version you'd recommend)? We'd like to go with the four panel version as otherwise the panels will stick a long way into the room when folded back.

Thanks
