Unless stated previously all works relating to this order are to be carried out in accordance with SBCC Minor Works Contract 2011 edition with or without quantities as applicable.

Prior to site commencement please provide all relevant risk assessments, method statements and COSHH assessments for all works you will be undertaking. Please note welfare facilities onsite will be available for your use throughout the duration of the works - unless stated otherwise at tender or site induction stage. NOTE - ensure all your site operatives are familiar with the requirements contained within the Health and Safety plan (where applicable) and for working within the relevant site including site specific inductions, permit to work systems and minimum PPE requirements. All H&S breaches are taken seriously and repeat offenders will be asked to leave site for retraining, if this occurs no claims for lost time will be accepted.

No changes or additions are to be made to this order without written authorisation from Carden Project Management Ltd
