Good afternoon,

We have a leaking issue at the above property. It is going to take some time to fix as it is a communal issue.

Can you please attend to the above property to quote to fit a roller blind above the window area so that it encompasses the whole window area, probably overlapping the walls by about 6"?

Please contact the tenant for access :

Good morning,

Thank you for the opportunity to quote for your new blinds.

Th cost to supply and fit a roller blind is: £259.00 + vat.

The roller blind would extend from the ceiling height and width as below. Fabric Black, dim-out (tenant choice).

I visited the apartment this morning. The damp is above the window recess and extends 450mm to the LHS of the window, 150mm to the RHS.

So, I suggest we fit a blind to cover the wet wall, by "offsetting" the blind to cover the stain as above. If you choose to keep the blind after repairs, it could be re-fitted by the builders to centre on the window, to cover approx 300mm each side of the window.

Should you have any further queries or wish to proceed, please get back to me.

Best Regards

David
