Good Afternoon,

Our Account No: 327
Order Ref: 332334

Could we please have a remake for blinds 1 and 3 on this order. This is a bay window and the customer has explained that the 2 side windows have 1 more slat in (35 slats) than the main blind (blinds no 2, 34 slats) and does not match up or look right when closed. The customer would like 34 slats in all the blinds so they are even and have a neater finish. Everything else to be the same as original order.

Many Thanks

Julie
