SAFETY DEVICES SUPPLIED WITH GOODS MUST BE FITTED BY US AT THE TIME OF INSTALLATION. IF YOU REFUSE TO ALLOW A SAFETY DEVICE TO BE FITTED, THEN THE GOODS WILL NOT BE INSTALLED, AND UNDER THESE CIRCUMSTANCES YOU WILL STILL BE LIABLE TO PAY THE FULL PRICE UNDER YOUR CONTRACT. YOU ARE STILL BOUND TO ACCEPT DELIVERY OF THE GOODS AND TO PAY FOR BOTH THE FITTING AND INSTALLATION EVEN ALTHOUGH INSTALLATION HAS NOT BEEN CARRIED OUT.

I have ordered the above goods and agree to pay the amount shown in full at the time of fitting. If payment is not made in full at that time Baileys has the right to remove the goods until full settlement is made. Title of the goods does not pass to the customer until payment has been made in full. Declaring that there shall be no liability for normal damage occasioned by such removal.

Baileys Blinds Ltd

Risk Assessment

Supply & Install: 2 Nr Wood Venetian Blinds.
Site: Sunderland Care & Support, Sunderland

Persons at risk: Baileys Blinds Employees, Main Contractors Employees or Third Parties

This risk assessment should be read in conjunction with the attached method statements, should anything change within the site and the operatives feel this assessment is no longer valid they must inform their direct superior immediately.

Hazard	Existing Control Measures
--------	---------------------------

Risk rating: Low – No additional control measures are necessary.

- | | |
|-------------------------------|---|
| 1. Fall of person from height | All employees are instructed in safe working practices and follow defined procedures. Under the Provision and Use of Work Equipment Regulations suitable access equipment shall be provided to carryout the specified task. |
|-------------------------------|---|

Access Equipment Required:

All Access equipment should be checked on a daily basis before use, if any faults found, equipment to be withdrawn from service immediately until the equipment has been repaired by a fully qualified technician.

Risk rating: Low – No additional control measures are necessary.

- | | |
|-------------------------------|---|
| 2. Fall of Object from height | All employees are instructed in safe working practices and will not work directly above persons or equipment, all access equipment shall be fitted with the correct toe boards handrails and guardrails, all other operatives in the vicinity of our working area to be made aware of our working at height activities, if practicable area to be cordoned off. |
|-------------------------------|---|

Risk rating: Low – No additional control measures are necessary.

- | | |
|----------------|--|
| 3. Electricity | The operatives shall use 18v battery operated screwdrivers/drills whenever possible, if we require to use power tools these shall be 110 volt with transformers, all electrical tools are PAT tested annually. Electrical equipment in the working area will be switched off and, if possible, disconnected. |
|----------------|--|

Risk rating: Low – No additional control measures are necessary.

- | | |
|---------------|---|
| 4. Hand Tools | All hand tools are suitable for the purpose for which they are used. They are only used for operations under conditions for which they are designed. All hand tools are maintained in an efficient state, efficient working order and in good repair. |
|---------------|---|

Risk rating: Low – No additional control measures are necessary.

5. Manual Handling All employees are trained in correct lifting techniques (kinetic lifting). There will always be an adequate number of employees to safely lift the blinds.

Risk rating: Low – No additional control measures are necessary.

6. Lighting Work will only be carried out in adequate lighting conditions.

Risk rating: Low – No additional control measures are necessary.

7. Fall on same level Where blinds and equipment have to be carried through the building, Housekeeping employees will walk the route first and ensure that there are no Contact with object obstructions or trip hazards.

Risk rating: Low – No additional control measures are necessary.

8. Personal Protective Equip Every employee is provided with appropriate PPE e.g. hard-hats, fluorescent jackets, safety footwear, gloves and glasses and face masks (dust) which will be worn as appropriate. Additional PPE will be provided as necessary.

Risk rating: Low – No additional control measures are necessary.

9. First Aid & Emergency/Rescue Procedures

All our vehicles are equipped with a first aid kit, our appointed person checks these on a regular basis, some of our travelling operatives have formal first aid training, they shall adopt the main contractors first aid facilities and shall adhere to the main contractors emergency/rescue procedures.

On their first visit to the site, employees will contact a responsible person and be site inducted to familiarise themselves with all site-specific health and safety procedures.

Or our office number is 01388 813 267

This risk assessment will be reviewed monthly or more frequently if there is reason to suspect that it is no longer valid.

Assessment carried out by:

**Name: Michael Sales
Position: Contracts Manager
Signature: Michael Sales**

Date: 13/05/2021

Proposed review date:

This section to be completed by the operatives carrying out the works to confirm that they have read and fully understand the risks and procedures to perform the task safely.
