Fault Report

Customer Name: Walton	Date: 19.10.22
Customer Reference: 354102	Fitter: Scott Johnson
Salesperson: Shaun Hanley	Salesperson called: No
Blind Type and number: Roller blind Patio L Livingroom (Patio L and R bedroom, Bedroom1 & 2)	
Fault Description: Fabric on the 3 rollers is not installed straight on the tube causing the fabric to move, all bedroom blinds should have chrome chains but have fabric cords, the bedroom blinds are a previous order.	
Action to correct: Didn't have chain to change bedroom cords. Tried to correct the rollers with the moving fabric by using tape on the tube but this has already been done in the factory and adding more makes the fabric move too much and causes it to collide with the skirting board.	
Problem fixed on site: No	
Further action required: Either order new rollers, take the existing rollers back to factory to be straightened or back to the factory to be cut smaller so they don't collide with the skirting (the latter would mean moving brackets and potential holes exposed in the plaster). Please call to discuss which blinds before ordering.
