Ref: Life Centre, Track and Blinds

FAO Kevin Henderson

Dear Sir

Further to our recent visit to the centre, we have pleasure in submitting our quotation to supply and install the curtain track and roller blinds.

The track shall be manufactured in the Silent Gliss 1080 track in the white PPC finish and shall come complete with all associated fixtures and fittings.

The roller blinds shall be manufactured in the system 32 with side control chain operation and the controls fitted to comply with current blind safety regulations. The blind covers shall be manufactured in the Ex-lite Light Grey FR PVC material.

Tender Sum £1,337.75

The above costs are subject to VAT

Should we be able to assist with anything else please contact us on the details above.

Kind Regards

Allison

Hi

Could I arrange for someone to attend site to provide us with a couple of quotes please?

1. We have a corner with heavy duty curtains, which are constantly falling down and bringing the existing rails down – so we are looking to have the existing system replaced with something more robust.
2. On site we have a fertility clinic, (which is a hospital ward, and has to adhere to National Infection Prevention and control policies) they are looking to have blinds put up, but they will need to comply with the infection control policy. Is this something you could supply?

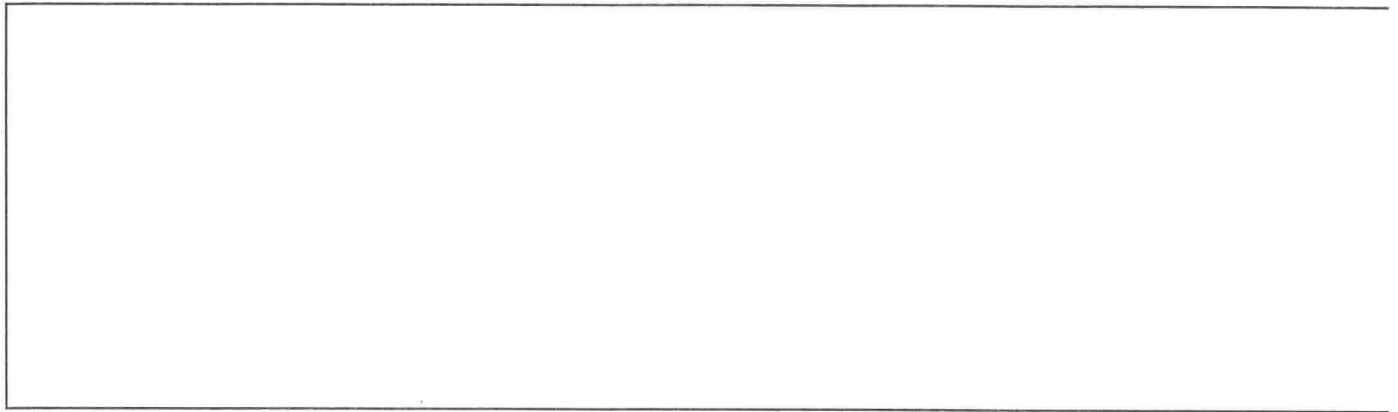

Thanks

Kev
