Brief Description F06 Chemistry Preroom. New blind needed

CS189

Location Teaching Blocks, Physics & Chemistry Labs.

Priority Cat 3 - Minor (8-6)

Space

Date Received 10/10/2022 10:16:22

Action Required

A colleague was put in a long time ago asking for a new blind to be put up on the window to the right of the fume cupboard in the preroom. Someone did come and measure up but no blind has been installed. Please can you source and install a new window blind ASAP as the sun shines on my computer screen making it very difficult for me to see the screen and difficult to work. Many thanks
