4. Delivery Access and Installation

Delivery of large poles, blinds and shutters can be difficult in some homes. Our fitters are trained to install your products successfully, but it is your responsibility to ensure easy access to the room we are fitting in. Please therefore ensure that there is sufficient room left in the front of the windows to enable the blinds/shutters to be assembled and fitted. Also that they will fit through any passages, stairwells, landings, doorways and gates on the way to the rooms. Prior to delivery, please ensure the route is clear and free from obstructions such as pictures and ornaments. We will not be held responsible for damages caused as a result of not clearing cills and areas in front of windows and on route to rooms. You agreed that any aborted visits through no fault of Impact Interiors will result in a charge.

Our fitters will take every care not to cause accidental marks or scuffs to paintwork when transporting boxes, tools into your home. However, we will not be held liable for any accidental damages. You may have to touch up paintwork on completion as we do not carry out any tiling, worktops, plastering or decoration as part of our order.

We will use our best judgement to avoid any hidden services within your walls and again rely on your knowledge of your home to best advise us before drilling. We will not be held responsible should we accidentally hit a service eg. water/electricity or gas or cables. We will also not be responsible for any accidental breakages to tiles, blown plaster, glass etc...

It is also your responsibility to move any obstructing services and BT points that may obstruct fitting. This will be advised on survey.

5. Payment

The final Balance is due 5 days prior to the fitting date.

Once a fitting date has been agreed. MONDAY-FRIDAY 9AM-3PM (subject to size of job) - Saturdays, Sunday and Bank Holidays fits can be agreed at an extra agreed cost. You will become the owner of the goods (and liable for loss and destruction of the goods) at the time of fitting or collection and only once Impact Interiors have received full payment of the goods.

6. Any damages noted on installation will be covered under the manufacturer's warranty.

Please note warranty issues do not prevent payments of balances.
