6 1,00 2851 w17 easy - the full glass sliding door

We do recommend not to store the uninstalled glass units longer than necessary on the wooden racks in outside weather conditions.  
 Potential damage by sediments and corrosion can occur.  
 A potential change of the glass panels on site can be difficult and time consuming.  
 Please check the confirmation of the TerraZZa for completeness of necessary wall gap sealing profiles and the post alignment profiles.

13 1,00 2851 w17 easy - the full glass sliding door

left side, replacement for pos 3

We do recommend not to store the uninstalled glass units longer than necessary on the wooden racks in outside weather conditions.

Potential damage by sediments and corrosion can occur.

A potential change of the glass panels on site can be difficult and time consuming.

Please check your order for correctness of the amount and type of the necessary wall gap sealing profiles and of the post alignment profiles.

Dear Sir or Madam,  
due to the fact that weinor does not provide assembly nor knows about and / or analyses local conditions it is the retailers responsibility to consider the snow load according to the assembly site.

Please make sure to apply the respective national regulations DIN 1055-5 [2005], Ö-Norm B 1991-1-3:2006-04-01 [April 2006] or SIA 261:2003. Being retailer and partner of weinor you are entitled to decide on the type of patio roof suiting the local conditions. Use additional posts and specific material to increase the possible snow load. Please see our price list for snow load for further information.

If applicable we recommend to do a static test. Please make sure to know the current local snow load regulations before mounting our products.

In case the cooperation of a weinor staff member is enlisted, this has a consulting relevance only. It is not replacing the responsibility and activity of the specialist engineer according to VOB at any stage of order processing from survey to final acceptance. The ordering specialist contractor remains responsible for the taken measurements and checking of the order confirmation.

Our consulting service in spoken and written aims to achieve to explain in the best possible application of our products and benefits. Thereby you are not relieved from your obligation to assure yourself of the applicability of our products and benefits for the intended purpose.  
In particular this concerns the inspection of the general characteristics and especially of the bearing strength of the fitting surface as well as the transfer of all information in this regard to us together with the order.

Only by this it will be guaranteed that all the necessary technical premises for this building element will be complied with.

Please make sure that appropriate unloading equipment is available on location for the aforementioned consignment. The consignment contains at least one individual carton with a dead weight in excess of 150 Kg. This order confirmation is according to the current terms of payment and delivery.

Order 202464269 Wheeler

Hi!

I have placed this order but please can you check the size and detail of the Vertitex II; it is to be fitted to the left hand side of glass room so please can you ensure that sizes and details are appropriate.

Also can I add Bi-easy to the order

Thank you
