-----	----------	--------------

In accordance with weinor's General Terms and Conditions of Delivery and Payment, you as a specialist partner are obliged to check whether the delivered goods are complete and undamaged. At the very least, you should ensure that the cartons are complete and undamaged from the outside. This does not relieve you of the above obligation, but it makes it easier for you to detect irregularities. Only if you have the defect confirmed on the delivery note upon receipt of the goods can we grant a refund if necessary after checking the transaction.

Dear Weinor Partner,
We are preparing to send a new awning, motor side-left

Our spoken and written advice focuses on an explanation of the best possible use of our products and services. It does not liberate you from the obligation to check fitness of our products and services for your particular purpose. That includes the inspection of the general condition and especially maximum capacity load of fixing base as well as forwarding all respective information in addition to your order to weinor. That way delivery of the correct type and number of brackets is guaranteed. If our product can not be used as upon agreement due to false or lacking information we or any auxiliary person do accept contractual or non-contractual liabilities only in case of malicious intent or gross negligence.

In order to mount all brackets corresponding their fixing base you will need suitable mounting systems. For mounting on concrete C20/25 we recommend heavy duty anchor-systems from fischer (e.g. FAZ II M12/10 GS or FAZ II M12/30 GS). In case of mounting on any other base referred to in our pricelist or on frontal concrete ceiling we recommend the use of injection systems from fischer (e.g. FIS V 360 S). You can order them directly from us.

If you use a different mounting system or your own brackets, you will need a table of pull-out resistance of screw anchors in order to determine the working load.

This order confirmation is according to the current terms of payment and delivery.
