Should be ready 8th July

Hi Jasmine,

Thank you for the information, I will put this order on for you and get Sally to check the fabric availability for you once we are back to work, she will be able to check to see if we have any in stock and if we can still get it.

When you say drop is fabric drop with no allowances, do you need us to take off an allowance for the floor clearance or is this the actual drop of the fabric from top of curtain to bottom of curtain?

Please advise,

Many thanks

Rachel

Hi Jasmine,

Thank you for your order, Sally is currently not in the office due to the current situation, there are only a few of us working from home at present.

Unfortunately Blackout B is not a current fabric we offer anymore and I am unable to check to see if we can still obtain this fabric from our suppliers until we are back to work, I can process this order for you to get it on the system and then check once back, or would you prefer to change the fabric to one we currently offer, this order will still not go into production until we are back at work.

at me know how you wish to proceed.

Also we do not offer 80/120 only 80/140 or 80/160

Further to the above I would also need to know the following

Is the drop the exact drop or do we need to make allowances i.e. inside or outside recess?

What track is this going on to?

Kind regards

Rachel

Many thanks
