Hi Lesley

Please could you make the following adjustments to those curtains I sent you yesterday.

Each curtains needs its drop minus 15mm.

I've email I received this morning from Adrian my boss is below asking for change in drop of curtain.

Kind regards
Heather

Ok Lets go metro flat, as steve can make here, with double pleat folded forward, so track hidden when curtains are across the window.

Can be ceiling mounted.

Drop of curtain , minus 15 mm this should give us enough play top and bottom.
7.5 mm each.
