Good Morning Roger

I have a client who would like 10 seat cushions to me made at these measurements, W44cm x 44cm and Height 15cm. They are dining room chair cushions and would like quite a firm foam inner, They are not actually square they do taper off towards the back of seat a little.

How much for supply of foam and labour, and how much fabric and cord would you need,

Fabric is W141cm and has a Vertical repeat of 27.5cm
Cord comes made up with tape.

Or other alternative is to recover existing cushions 44cm x 44cm but only 7cm Deep.
Same fabric and cord.

Heather
