## ORDER CONFIRMATION (release 2)

sales order no.: 202515858 of 18.11.2020  
customer: 165708  
reference: Roberts Additional  
Your order no.: SO10889  
contact person: Chris Nicholson  
E-Mail: CNicholson@weinor.de  
phone number: +49-221-59709-452  
representat. 654 Chris Spickett  
tel (representat.): 0044 ( 0) 7894443907

Dear weinor partner,

Due to the high demand on weinor products it has become necessary to confirm the despatch dates for early 2021.

As it stands today, the Brexit transition period is ending on the 1.1.2021

In case the UK and the EU are not able to set up a free trade agreement, toll tariffs will apply for weinor products imported into the UK.

We want to make you aware that the following toll costs will be added to this purchase order accordingly.

Please find detailed below the proposed toll tariffs associated with our product groups. These are accurate as of October 2020 and may be subject to change.

Obviously these will become obsolete as soon as a free trading agreement is in place.

We will keep you informed. Watch out for regular news on the common channels !

Thank you very much for your awareness and understanding.

Toll Tariff Number:	Description:	Toll tariff UK 2021:
55122990	Cut lenght fabric	8%
63061200	Readymade awnings with textile fabrics	12%
76109090	Spare parts Alumimium (profiles) for awnings	6%
85014020	Spare Motors	0%
85371098	(Remote-) Controlls	2%
85162999	Heaters	2%
76101000	Constructional parts, roofs, doors , windows and their frames and profiles made of Aluminium.(Terrazza, w17c, Glazing Elements)	6%

real-design	: WE7-207	grey-grey

**The Serge 600 and Serge 1% fabrics meet the European standard EN 13501, Class Cs3d0, which stands for low flammability and can therefore be classified as safe. According to the manufacturer Copaco, the fabrics may not meet the German B1 standard according to DIN4102-1 or the French M1 standard. However, they recommend that the goods should be used if German B1 conformity is not absolutely necessary.**

Front side of fabric	:  Konfektion 1	Front side of fabric outside (standard)
----------------------	--	---

cloth type	: <b>made without seams</b>	
------------	-----------------------------	--

Cardboard container	: edges reinforcement	
---------------------	-----------------------	--

weight	: 28	kg
--------	------	----

**Small folds and / or cross marks can appear on the fabric during manufacture, transport or on the construction site.**

**You can carefully remove these with an industrial hot air dryer.**

**To do this, set the hot air dryer to max. 250 ° C. Keep a distance of at least 100 - 150 mm from the awning cover and swivel the hot air dryer.**

**This prevents the fabric from overheating or being damaged.**

**We use the Steinel HG 2120 E hot air dryer at a medium level and can recommend it.**

Dear Sir or Madam,

due to the fact that weinor does not provide assembly nor knows about and / or analyses local conditions it is the retailers responsibility to consider the snow load according to the assembly site.

Please make sure to apply the respective national regulations DIN 1055-5 [2005], Ö-Norm B 1991-1-3:2006-04-01 [April 2006] or SIA 261:2003. Being retailer and partner of weinor you are entitled to decide on the type of patio roof suiting the local conditions. Use additional posts and specific material to increase the possible snow load. Please see our price list for snow load for further information.

If applicable we recommend to do a static test. Please make sure to know the current local snow load regulations before mounting our products.

In case the cooperation of a weinor staff member is enlisted, this has a consulting relevance only. It is not replacing the responsibility and activity of the specialist engineer according to VOB at any stage of order processing from survey to final acceptance. The ordering specialist contractor remains responsible for the taken measurements and checking of the order confirmation.

Our consulting service in spoken and written aims to achieve to explain the best possible application of our products and benefits. Thereby you are not relieved from your obligation to assure yourself of the applicability of our products and benefits for the intended purpose.

In particular this concerns the inspection of the general characteristics and especially of the bearing strength of the fitting surface as well as the transfer of all information in this regard to us together with the order.

Only by this it will be guaranteed that all the necessary technical premises for this building element will be complied with.

This order confirmation is according to the current terms of payment and delivery.
