Good afternoon Jasmine,

I have been through the emails below and spoken again with the manager of our blind dept. As mentioned below I was informed we would not be able to cut this fabric to size as this is a fabric which can be shipped to you with our transport and can be cut on your roller table. I will arrange for the fabric to leave today and we will cover the freight cost for this.

Kind regards  
Sarah

Hi Sarah

The issue is we have now quoted the client based on the price you gave us.

Can you supply the full blinds at the price you have quoted.

This would resolve the issue.

Many thanks

Adrian

Hello Adrian,

Apologies for the delay coming back to you. I did not think it would be a problem to cut this fabric to size for you however we have spoken again with our blind dept manager and he said it is not something he can do as we can ship the fabric to you at the full width and as mentioned below it is possible to cut this fabric on your standard roller table.

The prices below were for a fully made to measure Vision blind which would include all of the components and cassette.

Please can you advise if you would like the full width fabric shipping to you.

Kind regards  
Sarah

Hi Sarah

I have been asked to help with this order.

Please proceed as per your email highlighted below.

You have quoted for a cut to size fabric, and we have supplied that size.

I am not sure where the problem lies.

Many thanks

Good morning Jasmine,

Thank you very much for coming back to me. We have spoken with the blind dept manager again and he said it is possible to cut this fabric on a roller table. If you would like us to process an order we would have to make them as full Vision blinds. The cost for these would be £171.88 each and we have applied a 20% discount for this order which has been deducted.

Please can you advise how you would like to proceed?

Kind regards  
Sarah

Good morning Jasmine,

I have had a phone call from our blind dept manager this morning regarding this fabric cut to size. Is there a reason you want the fabric cutting to size instead of the less expensive option of taking the full width fabric? We would normally cut fabric to size for transport purposes but we can send the full width fabric to you.

Many thanks  
Kind regards  
Sarah
