Hello Scott,

I hope this email finds you well - my colleague Sue forwarded me your email.

This order is currently on hold. The proposed Marlesbury awnings cannot be fitted due to them impeding the existing shutters, having looked at a number of variations in the design unfortunately there is no way to stop them rendering the existing shutters inoperable.

We are now looking at a new system, but this has a considerably higher costs – we are currently waiting to hear if this is accepted by the client.

Kind regards,
Will

Hi Adrian

I spoke to Simone last night.

There's no power to the front of the house windows and Simone's not keen on any more interference with the fabric of the house.

Can you re-quote for manual - also have you got images of the wooden housing?

Thanks
