Description of Work:

Dear C P Interior team

Would you please send an installer to A407 Austin Bartlett House where the bedroom blind fixings are pulling out from the head of the window. We had the same problem with the living room blinds which you fixed but the same thing is now happening in the bedroom. While at the property please check the fixings on all the other blinds to ensure they are not loosening in the same way.

To schedule access please contact our tenant Mark Watson - 07825 685 553

Many thanks

Rod Vautier
