Kobe are sending 16m of fabric to remake these two windows as below.

Please can we turn these around as quickly as possible, ensuring cartridge sizes matches the larger size already made – thank you

Hi Donna,

Further to email below. We will need to remake the two 1600mm wide curtains so that they match the larger cartridge size of the door curtain (left one in picture).

As they have now seen the curtains they would like these two as pairs and with domette interlining. I understand this is a change from the original order but its difficult to argue with client when they had curtains that didn't match one another as cartridges were different sizes.

Please can you tell me how much fabric you need for these two pairs and confirm you happy to match the pattern of one remaining curtain using the photo below.

Thanks Donna

Hi

Please supply a sample of your stock of Essente Walnut 7 fabric. we want to match the fabric on the attached invoice but I understand you don't know the batch number of this, is it possible to check this to see if fabric available is from the same batch?

Many thanks
