Hi Scotty,

That would be fine thanks. (I am out for lunch Wednesday at Green Island but not until 1.00.) I don't think what I'm talking about would affect the mastic man at all since if the alteration can be made, it would be the roller that would be removed in its entirety as happened when you fixed the motor. It didn't affect the surrounding fixture at all - that I saw.

To explain more what change I would like. The clear panel is great as it is. However when the blind is down, the clear panel is only in the space above the glass balustrade - giving plenty of light to the balcony. However when seated on the balcony, you look through the glazed balcony, the view from which is completely blocked by the canvas element of the blind. If it is possible to either have one very large clear section or 2 fairly equal clear sections with a canvas strip in the middle (horizontally) if this is necessary for strength of the blind, then the view out would be almost completely open. It can be easily seen and measured by seeing the installation.

Cheers

Mike

Hi Mike

Thanks for your Email.

Adrian is away for 3 weeks as of today.

I could ask Ben to my installation manager to pop up on Wednesday around 11.30/12 to discuss the below? Would that work for you?

If so, then please let me know and once he has reported back I'll get the mastic man booked in.

How does that sound?  
Thanks  
Scotty

Hi Scotty,

Many thanks for your email. Yes it would be good to get the mastic down the sides. If you or your mastic man can give me a couple of hours notice I can be here almost anytime. My only time commitments are golf (takes 2 hours) or occasional lunches, so please call when he can come. Although the installation is now complete, I would like you or Adrian to advise if the blind can be altered (or even replaced) to have far more clear section? I would like to meet someone here where convenient to show you why I would like the change, if possible. I'm actually here all morning today (I know Adrian lives locally so it may be convenient for him at short notice) and then again on Friday for the weekend, but as mentioned above, with a little notice I can be here almost anytime.

Cheers

Good Morning Mike

I hope you had a nice weekend.

My installation manager Ben has advised we need to arrange for a mastic man to pop around to finish.

When is good for you? I need to contact our mastic man. It is about 8 metres that need doing.

Please let me know and I'll arrange.

Thanks

Scotty
