Hi Gary,

No problem. Have referenced the PO no on both the quotation and in the reference section. Please find attached deposit invoice.

One question I do have is in the schedule you attached earlier this week, the awning looks like it has a plain valance (attached)
Is that meant to be plain or do you want valance in the stripe too? If not I will need a colour for this. Unfortunately our Dickson book is out on loan at the mo so I cannot suggest anything without seeing it.

Kind regards

Rachel

Hi Gary,

We would need deposit to confirm this order please. Our fitting diary is filling up fairly quickly as it stands so would suggest getting this done soon so we can allocate some fitting (removal time).

I am also on annual leave as of Monday for 9 days so may have to pass this on to another colleague should this go ahead after then.

Kind regards

Rachel

Thanks Rachel

I am waiting on signtech to let me know when they can start the works to shopfront and a completion date. If you can remove awnings ASAP so they are out of the way that would be great. I will issue dates as soon as I have them but please book this in and order materials etc.

Hi Gary,

Sorry I was just checking schedules with our fitting team etc.
Looking like end of June is looking ok at the mo. The removal of the awning itself should only take 1-2 hours tops. We will then recover here and again the same to put back up when you are ready. When are the works being carried out? When would be suitable for you? Fabric is in stock with our supplier too so should take about a week or 2 to get to us.

Kind regards

Hi Rachel

The client has given me instruction to proceed with this project. They wish to recover/paint refurbish existing awnings as per your quotation attached.

I have attached our scheme which shows fabric and awning from=nt rail arms colour. Can you confirm when you can attend site to remove the existing awnings and how long is the lead time . we are getting the shopfront decorated and repairs so will have some time from removing to installing.

If you can please confirm date to remove so I can inform client and I will then issue you a purchase order.

Hi Gary,

Thanks for your message and glad to hear things are moving ahead now. I would just like to inform you that as of 1st of February, Weino are increasing their prices for 2022 which means any orders accepted and subsequently placed after this date will need to be requested.

I have just spoken to Adrian about the lights and he has recommended that anything to do with lighting would be best quoted from an

electrician.

Look forward to hearing from you.

Kind regards

Hi Rachel

This project is raising its head now, and the client is looking to start it soon. They also want some festoon lighting installed on the fascia and a wall light installed above an existing menu unit. Would you be able to supply a cost to install free issue product on site for me?
