ESTIMATE DESCRIPTION	Qty	Rate	Amount
Labour & Materials - To supply & fit Promat underfloor heating system to garage area. Insulated boards are shown separately & will be required to be fitted by others. The boards can be installed with tile adhesive compound & we would recommend a builder carries out this work to ensure a clean, smooth, flat surface before the matting is fitted. It is recommended that the matting is then covered with a self-levelling compound before a finished floor is installed.  We have allowed a provisional sum of £500 to install the power supplies, however, this may fluctuate once we have carried out a survey on site.	1	£2,309.40	£2,309.40
Materials - Insulated boards, supply only	1	£559.02	£559.02
		<b>Subtotal</b>	£2,868.42
		<b>GST 5%</b>	£143.42
		<b>Total</b>	<b>£3,011.84</b>

**Please note: this estimate is valid for 30 days from the date of issue however, due to the current availability issues & price rises affecting building materials**
