Subject: Re: Servicing Dates and Times for Mark Jordan Awning

Hi Scott

Ok let's do it please. Perhaps we can set up a date this month and if so maybe this could be available next week? Then a date in June as additional one for lost quarter A, then one in August beginning and one in September in a week of Battle of Air please?

Then we can pick up next year in March?

Subject: Servicing Dates and Times for Mark Jordan Awning

Good Morning Magda,

I hope you are well.

Apologies we didn't get to you on time yesterday.

Going forward, if you would like us to service your awning, may I suggest we come up with a quarterly booking for the year. (4 dates)

We could set up an agreed time for each visit and day that suits you.

Just to advise, we will need one fitter and assistant due to the height of the awning for safety reasons. The charge for this will be £90 p/h plus extra for any parts required.
We will do a general clean, test and lubricate the awning tracks etc.

If you are happy with this, please let me know at your earliest convenience and I can get something set up.

Have a nice day.
Kind Regards,

SCOTT
