Subject: SO13144 Issue with Fabric

Dear Louvolite

We have received some fabric from yourselves – Carnival B/O Sapphire to enable us to make some roller blinds or a customer.

We had 8 blinds to make and as you can see from the photos below the fabric has somehow got stuck to itself when rolled out.

We have inspected all of the bars and materials and it is not a defect anywhere apart from the fabric.

This is most unusual and something we have not encountered before.

This has left us 9 metres short of what we require to complete and re-make the rollers.

Can you please advise at your earliest convenience?

Kind Regards
Scott Ruderham
