## Leeana Taft

---

**From:** Clive Windall <Clive@mitchell.je>  
**Sent:** 27 October 2022 12:44  
**To:** Leeana Taft; Adrian Colston-Weeks  
**Cc:** Rupert Myers; Mike Went; Harvey Mitchell  
**Subject:** RE: Garage - Les Nouettes  
**Attachments:** Les Nouettes Garage Water Comments.pdf; Les Nouettes Outside tap locations.pdf

Leeana & Adrian

Please note the need for access at the rear / east side of the east cupboard for access to the water stop cock illustrated on the attached sketch of garage water comments. The plinth depth at 100mm is probably too small to allow ready access & if there was a leak & the water needed turning off in a hurry.

Please note the locations for the external taps on attached sketch; the rising incoming water main & the two respective drops to the outside taps will need to be concealed behind the wall cladding so the battens will need to be 50 x 50mm to allow the insulated pipe work to pass.

I have been informed the Dura garage fit out will be instructed through the contract.

Will the unchosen wall types affect the price in any way?

Many thanks & kind regards,

*Clive M Windall*
