Hello Carol,

Thank you for your email.

In regards to the roller blind for which we received the payment, can you please confirm the room number as we have it as R18? The production is about to start but if it is a different room number, we will have to pop in and confirm the measurements.

I have also prepared the quote for the other two. Please note that I have been informed that they are not Velux and Adrian has recommended a different type of blind (also blackout) after seeing the photos. Also, if you could please confirm the room numbers as well, as we have them as 14 and 1.

I am looking forward to hearing from you.

Kind regards,

Tamara
