I'm struggling a little here, as Adrian spent over an hour with us, looking at the fabric and suggesting how best to put together the blinds etc. - and that does not seem to have been communicated to you!

The fabric is heavily patterned with a repeat of 64cm and a width of 150cm.

We had a discussion about pattern match with Adrian and we were happy to go with his recommendations. Our understanding was that we agreed that the blinds would be pattern matched within each individual blind where they were wider than 150cm but that they would not be pattern matched across the whole window - each blind would simply start at the same point.

We would be grateful if this could be confirmed with him as we would defer to his expertise.

Once we have clarified all of this I would be happy go ahead - and can bring you the fabric when I am next in Jersey.

Best wishes

Sue

Dear Sue,

Thank you for your email.

As requested, we have changed your title to Professor.

In regards to the fabric, can you please confirm if there is a pattern and if there is, the repeat? Also, if the fabric is patterned, would you like to have all the blinds in each room pattern matched? If you could please confirm this information, we will review the amounts of fabric needed. Of course, any leftover fabric would be return to you.

As for the lead time, at the moment it is approximately 7 weeks. Our recommendation is to have the blinds fitted once the building/redecorating works have been completed. By doing this, you would be avoiding additional labour charges and potential damage to the product. I have checked with our after sales department and Scott has confirmed we could keep the product in our stores until the works are complete.
