Hi Eliza

Thanks for your email to Paul.

I visited Rachel and chose a fabric which was a slightly off white colour. I'm not sure if she made a note of it. If I'm unable to have the fabric I chose due to width, I'll choose the white.

Many thanks

Wendy

Hi Paul

Great thank you for letting me know, I've made a note on file.

I was actually just typing another email to you, I noticed that we haven't made a decision on the fabric for the roller blinds in the bedrooms. Here's a link to the collection <https://www.thefabricbox.co.uk/range/roller/unilux/>

As the windows are wide we can only go with the 3 meter width fabrics which are *White, Cream, Butter, Linen, Grey, Anthracite, and Black*.

Please let me know once you've had a look at these options and made a decision.

Many thanks,

Eliza
