Hello again Alex,

I think it may be advisable for you to supply me with a costing on the White Linen fabric please, (asap) I am sorry to be giving you so much work. I don't understand why there wasn't a blind put there when the other blinds were fitted.

Have a nice evening,

Stella B

Good Afternoon Stella,

Thank you for getting back to me. I did a bit of digging and looks like the last order was on a silver-backed mesh fabric in the colour White Linen. As this fabric is silver-backed (which helps with temperature control due to its reflective properties) it comes at a higher cost than the Perspective mesh fabric which isn't silver-backed.

If you would like to use the same White Linen fabric as the previous blinds, I can requote the blind and we would require a deposit top-up to match the new price. If you would like to stick with the Perspective mesh fabric I can match with the closest colour. The White Linen fabric has white woven in with light beige with a slight grey tone due to the silver backing. This would put it close to the Perspective Tuscan Beige and Desert Sand colours as they have the beige, however they lack the grey tone due to not having the silver back and I would say are more creamy/yellow in comparison to the White Linen.

I hope this helps and please let me know if you have any further questions.

Kind regards,

*Alex*  
Farry

Good morning Alex,

Thank you for sending copy of receipt for the deposit.

Colour. Would it be possible for you to look at records for supplying blinds for kitchen patio doors in flats 3 & 4? The colour is either arctic white or pale grey (the plastic at the base of blinds is white) but I'm uncertain of actual blind colour hence my request to you. In the hope that you have retained the information may I ask you to please go ahead and order the same colour. I hope that delivery will be fairly quick.

Kind regards,

Stella Bailey
