---	------	------	----------------------------------------

Dear weinor partner,

Thank you for ordering a sliding glass wall w17 easy, which consists of various glass elements.

**Please note:**

Moisture on the glass elements can lead to visual conspicuities, such as condensation marks. Such visual conspicuities can only be avoided if the panes are delivered in a dry condition and it is essential to ensure that the glass elements are stored and transported in a dry condition during subsequent storage or transport to your customers.

If you discover any defects/damage upon delivery, you must notify us immediately and make a notation on the delivery note. Otherwise, the goods will be deemed to have been approved.

Please also note our information on glass in the download center in the specialist partner section.
