Subject: SO13892 Pizzeria

Hi Glen

Adrian will be dropping up some fabric next week for seat and back bench cushions. I wanted to give you details so you can add to your work list. We would appreciate these making asap.

Adrian will go over any queries when he comes with the fabric.

Seat cushions using 50mm blue foam. **No piping.**

2@1810mm x 425mm
2@ 1460mm x 425mm
1@985mm x 425mm
1@1800mm x 425mm
2@1840mm x 425mm
1@2310mm x 425mm

Back cushions using 25mm blue foam. No Piping. vertical stitch line on fabric every 250mm (not through the padding) centre one stitch line on each cushion - see sketch

2@1810mm x 450mm - 400mm with foam, 50mm double sided flap at top (this will be secured to the top of bench)
2@ 1460mm x 450mm
1@985mm x 450mm
1@1800mm x 450mm
2@1840mm x 450mm
1@2310mm x 450mm

TITLE [AND PAYMENT]

Title to the Sellers' products comprised in each consignment of products to the Buyer shall not pass to the Buyer until the Buyer has paid in full the agreed price for such consignment to the Seller in accordance with the terms of the Order, but, even if title has not passed, the Seller shall be entitled to sue for the price of any products supplied to the Buyer once payment has become due.

PLEASE REFER TO OUR PRICE LIST FOR FULL TERMS AND CONDITIONS
AND SALE - COPY AVAILABLE ON REQUEST

The exporter of the products covered by this document declares that except where otherwise clearly indicated, these products are of EEA preferential origin.

CARE GUIDE EP

For fabrics treated with Everclean +

sunbury
design

EVERCLEAN + ADVANCED FABRIC PROTECTION

Everclean + is an environmentally friendly, soil release treatment developed to protect your fabric against the majority of everyday spills and stains. Ideal for contract/hospitality upholstery, the high performance finish makes the fabric water and oil repellent as well as stain resistant so that your furniture will stay looking 'fresh' with minimal maintenance as outlined on this care guide.

Everclean + includes an antibacterial finish which is effective in reducing the build up and activity of viruses. This finish is a sustainable metal free, biodegradable technology which complies to Oeko-tex class 1 and when tested to ISO 18184:2019 shows a +99% reduction in microorganisms within 1 hour or less.

(Antibacterial included on production from June 2020, some current stocks may not include this finish so if required please request when ordering/specifying).

ANTIBACTERIAL & EASY CLEAN WITH EVERCLEAN +

- Easily clean away most common spillages including ketchup, mayonnaise, mustard, wine, coffee, honey, Coke etc.
- Tested and approved to AATCC Test Method 118 (Oil Repellency).
- Everclean + now includes antibacterial properties reducing the activity of enveloped viruses.
- Tested for harmful substances according to Oeko-Text Standard 100.

CARE GUIDELINES GENERAL RULES TO FOLLOW FOR REGULAR CARE.

- Clean spillages and stains by initially blotting up any excess liquid with a tissue, do not leave to dry in. Use a little fresh water and a microfibre cloth to gently clean in a circular motion taking care not to rub stain deeper into fabric.
- For stubborn or 'left in' staining use water with a little neutral soap (max 5% solution), repeat if necessary.
- After cleaning allow to completely dry before use and then gently brush with a soft brush in the direction of the pile.
- Clean up spills and stains right away, the longer stains are allowed to remain the more difficult they are to remove.
- Do not soak or over wet the fabric as this may cause unsightly water marking.
- Do not use bleach, strong chemicals, toxic substances, acids or strong solvents.
- Regularly cleaning is recommended to keep the fabric looking good for longer.
- Regularly brush using a soft headed brush to remove normal dust or gently vacuum away loose dirt before it becomes embedded in the fabric. For solid or semi-solid spills remove excess by gently lifting off with a blunt knife or spatula.
- Strong or neat alcohol if not cleaned immediately may cause damage to the fabric.
- Protect from excessive sunlight and avoid contact with strong heat.
- When dealing with any stain it is important to always test an inconspicuous area of the fabric first to ensure the treatment will not cause permanent damage. If in any doubt specialist upholstery cleaning advise should be obtained.

DEEP CLEANING DISINFECTING FABRICS TREATED WITH EVERCLEAN +

EVERCLEAN + includes an antibacterial finish which is effective in reducing the build-up and activity of viruses, however if disinfection cleaning is required the following is recommended:

- Using liquid soap and water can be one of the most effective cleaning methods. Caution should be taken not to over wet the fabric and ensure all soap residue is removed to avoid fabric discolouration and odour. Injection extraction cleaners are a good and time efficient way to deep clean.
- Antibacterial wipes and sprays suitable for upholstery can be used following manufacturers guidelines.
- The use of bleach or alcohol solutions is not recommended.

IMPORTANT. Although this fabric will resist most types of staining under normal contract conditions it does require regular care as described. Spills that are allowed to remain on the fabric for long periods of time can cause damage and in rare cases may not be completely removed. Everclean + drastically reduces the chances of fabric staining although we are unable to guarantee against all types of staining and marking and accept that there may be environments where its use is not suitable and non upholstered furniture would be more appropriate. In these instances we cannot be held responsible for the performance of the fabric. We do not recommend and take no responsibility for the performance of the fabric when used for piping. Our 'limitation of liability' as detailed on our price list applies.
