Good Morning Somfy

I wonder if you can please help?

I have a client -ref Innovate – who has some Roman Blinds we installed in 2020.

The motors the blinds have are as below – Somfy 25 RTS

Our client is asking about the pictured battery below, they want to upgrade as the batteries drain really quick and the battery packs also to be changed,

Please may i ask what is the latest battery pack you would recommend that is compatible with the motors? Just so we can change over and stop the packs draining and changing the batteries regularly.
