Hi Tamara,

No, unfortunately not. The only thing we have are in the pictures I have forwarded to you, when I initially seen the property I requested that everything be left and the workmen have took it upon themselves to remove the panels from the blinds and just leave that is fixed.

Thanks

Chloe

Hi Chloe,

Do you still have the panels? I have spoken with our installations manager, and he said that if you still have them, they could be refitted. Otherwise, as we provided the original ones and have got the sizes, we should be able to order new panels.

Kind Regards

Hi Tamara,

Would they be able to be reinstalled using the frames that have been previously installed and left?

Hi Chloe,

I have checked our records, and it seems we did install the shutters in the two bedrooms back in 2022.

If there is anything else we can help you with, please do let us know.

**Subject:** Plantation shutters

Good morning,

I am emailing around to try and find the company that previously installed plantation shutters in the property I am due to move into - 59 Clos De La Colonie.

The maintenance team redecorating the flat have ripped out the panels but left the fixings around the windows, I am looking to have them re-installed.

Could you please let me know if your company initially installed the shutters at the above address.

Many thanks,

Chloe
