Hi Sam,

As requested, please see attached our quotes for the supply only of Blindspace recess boxing and profiles, and the supply and fitting of blinds, curtains and electrics tracks.

I have also included the brochure and installation instructions for both.

We have quoted based on a standard plain double width fabric, but there are many options available. Once you have chosen your fabric, we can adjust the quote accordingly.

If you have any questions, please do let us know.

Kind Regards

Tamara

Thanks Tamara, please can you include the information the builders will require to prep the area for fitting.

Many thanks

Sam

Hi Sam,

I am just awaiting a couple of details from the curtain makers. I should be able to send you the quote either this afternoon or tomorrow morning.

Kind Regards

Tamara

Hi Tamara,

Please can you send the quote discussed with Adrian as soon as possible.

Thank you
Sam

Hi Sam,

Thank you for confirming. It is all in the diary now.

Adrian lives around there so I am sure he can even park at his house if needed.

Kind Regards

Hi Tamara,

Yes, 4pm Wednesday is great thank you.

4 Cowdray Drive, JE3 8AY.

The road is second right after woodbine stores but parking can be tricky. If you continue past the there is a verge on the right that can be parked on. It's very a short walk back to our road.

Andy cc'd will be the contact on site if any problems - +44 7797 737667

Many thanks
Sam

Hi Sam,

I hope you had a nice weekend.

We could send Adrian on Wednesday 19th at 4pm. Would that work at all? Many thanks.

Kind Regards

Hi Tara

This info was perfect thank you.

There will be also an additional 2 smaller windows and I would like to discuss ceiling curtains tracks.

Please can we arrange a time and date for a site visit to confirm ?

Kind regards
Sam

Hi Sam,

As promised, please see attached the quote for the three blinds.

We have based the quote on the Duorol blinds <https://www.tropicalblinds.com/blinds/duorol-blinds/>, in a Band A fabric, but there are different options available.

I have checked with the supplier and the size of the cassette with the endcaps is 73mm projection and 75mm depth. Please bear in mind that these blinds would require a 1.5DC transformer per blind:

Description

- Power supply , 24 V, 1.5 A.
- External dimensions: 110 x 53 x 30

Please note: This product is only the item pictured, for a complete transformer a power cable is also required, under reference 9014005.

As for solutions for bay windows that operate with Somfy as well, there are different options available:

- Duorol blinds <https://www.tropicalblinds.com/blinds/duorol-blinds/>
- Roller blinds <https://www.tropicalblinds.com/blinds/roller-blinds/>
- Roman blinds
- Duette (honeycomb) blinds <https://www.tropicalblinds.com/blinds/pleated-honeycomb-blinds/>

I have only added these websites for reference, but we work with other suppliers as well, so there are many options available.

I hope this helps, but please do let me know if there is anything else I can help you with.

Kind Regards

Tamara

Hi Sam,

Just to give you an update, I am only waiting on a couple of details from the supplier regarding the size. As for the position of the power supply, if it is a RTS (remote control) we can make the blind with the motor on the side you require.

I will be in touch shortly with the rest of the information and the quote.

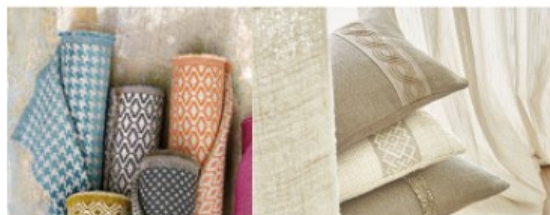

Kind Regards

Hi - we just spoke on the phone about day and night somfy blinds.

The drop is 2100mm, width 4000, made up of 3 panels on the attached plan (windowed doors leading out to the garden).

Please can you confirm the size required for a ceiling recess and the position of the power required for them to be a somfy mechanism.

If possible, can you also send across any examples of bay window dressings you have that incorporate the somfy mechanism.

Many thanks

Sam
