Hi

Unfortunately, the shaped curtains have been made the wrong drop. Attached is order drawing showing +10 to drop, it appears that 100mm has been added not 10. I have attached pictures.

We are boxing these up now to return to you to be adjusted. The client is also not happy that joins are in the middle of the pinch pleat and therefore very obvious, are you able to change this??

We need to turn these around quickly as the client is going away in 3 weeks for 6 months!

Any questions let me know

Kind regards,

*Leeana*
