Hello Tamara,

Many thanks for your enquiry. Please see your quotation attached as requested.

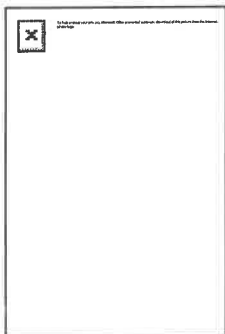

I have allowed for the KuroLok 100 RL system with white hardware, type Z hembar, Spectrum 5010 3% Screen fabric, and the Somfy Sonesse 40 RTS motor.

I have also included a cost for L-angle fixing profiles. These are not mandatory to order but we strongly recommend using them to create a 'shelf' in the opening for the blind to sit on. It means the blind can be ordered approx. 10/15mm smaller than the opening size and ensure the blind is perfectly square, regardless of whether the opening is square. This in turn helps to reduce fabric puckering/wrinkling and makes the installation much easier. I have allowed 115mm angles for the width/headbox ends and 75mm angles for the drop/sides of the reveal.

I have attached the product brochure and digital swatch card for your reference.

If you have any questions, then please let me know.

Kind regards,

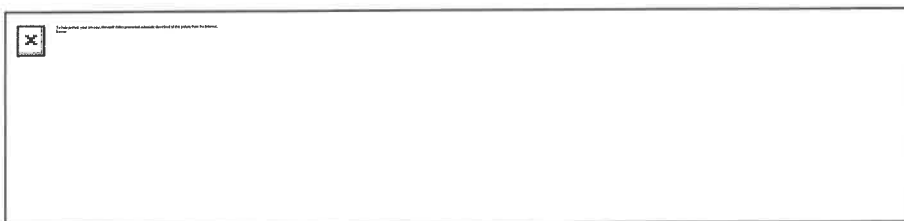

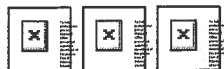

Leighton Hill

If you've received this by mistake, give me a shout, because somebody with a name very similar to yours will think I'm ignoring them. Only print it out if absolutely essential (like if there's a long checklist or something).

Hi Leighton,

I hope you are well.

Would you be able to provide us with a quote for a zipped skylight blind, in a screen fabric, 1450mm x 2400mm, operated with an RTS hardwired motor? Many thanks.

Kind Regards

Tamara
