Hi Leeana,

The price quoted was just for standard electric set up.

If you want the skylights to be controlled by remotes you would need to add:

1 x receiver for each blind (9945) £345.14 retail exc. VAT

Also, would need to add remotes, the quantity would depend on whether they are in the same room or not?

1 x 10300 (single channel) or 10302 (5 channel) each £280.63 retail exc. VAT

Many thanks,

Sally Brown

Hi Leeana,

Thank you for your email.

Please see pricing below. I have allowed for Colorama Dimout fabric as this is a near blackout as we can go on the skylight systems. Attached the fabric card above for your info.

Hello Tamara,

Many thanks for your enquiry. Please see your quotation attached as requested.

For the ones that are on a slope, I have allowed for the KuroLok 125 RL system with black hardware, type Z hembar, C-Screen Blackout fabric, and Somfy Sonesse 40 RTS motors.

For the vertical ones, I have allowed for the KuroLok system with Luxury 46 hembar and same spec as above. A Multi-channel remote has been included.

I haven't included L-Angle fixing profiles for the rooflights, but if you need these, then let me know.

Kind regards,

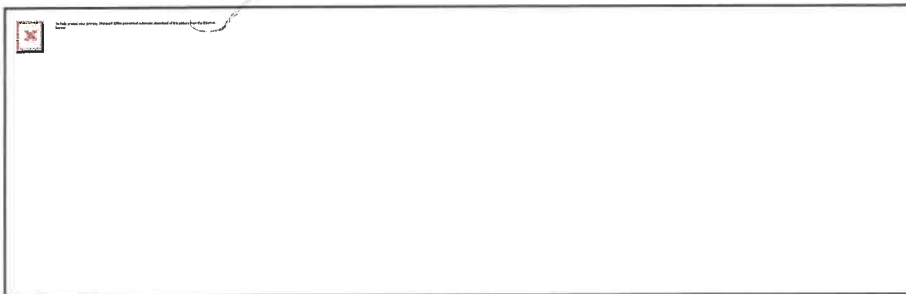

Leighton Hill

Hi Leighton,

I hope you are well.

Would you please be able to advise....

We have a client interested having possibly some Kurolok blackout rollers on the attached windows (maybe not on the tiny one), but ideally, they wouldn't want any boxes where the roof glass joins the side glass (pic 5). Is there anything you could offer?

If not, can you still prepare a quote for the Kurolok blackout rollers (with the boxes on that window too), with black hardware if that makes sense.

I have attached the sizes. Many thanks.

Kind Regards

Tamara

Hello Tamara,

Many thanks for your enquiry.

We don't have a solution for the sloping window I'm afraid. We would have to price for two separate blinds.

Can you please confirm which size is the window on Pic 5? It looks like the angle is over 30 degrees so the KuroLok RL system will have to be used.

Kind regards,

Leighton Hill

Hello Tamara,

Thanks for your email. Sorry to be a pain, but could you please email over the sizes that link with each pic?

Just trying to figure out which ones need to be on the rooflight system, and which ones need to be on the standard system.

Kind regards,

Hi Leighton,

Apologies. It seems I had misplaced this email.

The window on Pic 5 is 720mm wide, the top part is 2850mm drop, the bottom part is 1010mm drop.

If you could please quote for the two separate blinds, that would be great. It is not what the client would like to have, but they might have no other option.

Many thanks.

Kind Regards
