Our spoken and written advice focuses on an explanation of the best possible use of our products and services. It does not liberate you from the obligation to check fitness of our products and services for your particular purpose. That includes the inspection of the general condition and especially maximum capacity load of fixing base as well as forwarding all respective information in addition to your order to weinor. That way delivery of the correct type and number of brackets is guaranteed. If our product can not be used as upon agreement due to false or lacking information we or any auxiliary person do accept contractual or non-contractual liabilities only in case of malicious intent or gross negligence.

In order to mount all brackets corresponding their fixing base you will need suitable mounting systems. For mounting on concrete C20/25 we recommend heavy duty anchor-systems from fischer (e.g. FAZ II M12/10 GS or FAZ II M12/30 GS). In case of mounting on any other base referred to in our pricelist or on frontal concrete ceiling we recommend the use of injection systems from fischer (e.g. FIS V 360 S). You can order them directly from us.

If you use a different mounting system or your own brackets, you will need a table of pull-out resistance of screw anchors in order to determine the working load.

In addition, our General Terms of Delivery and Payment as per 01/2024, published under the link provided below are valid and we are happy to provide you with them free of charge upon request.

Scott Ruderham

From: Scott Ruderham
Sent: 10 April 2025 09:35
To: Island Construction
Cc: Rachel Baugh
Subject: Mrs Mackie - Awning Brackets Cost

Good Morning Justin

As you are aware we have had to order more brackets to replace the ones misplace for Mrs Mackie's awning installation finish.

The cost of these will be £496 + GST

Can you please provide me with your full billing address so I can allocate your order to accounts system.

Many Thanks

Kind regards,

Scotty
Ruderham
