Our spoken and written advice focuses on an explanation of the best possible use of our products and services. It does not liberate you from the obligation to check fitness of our products and services for your particular purpose. That includes the inspection of the general condition and especially maximum capacity load of fixing base as well as forwarding all respective information in addition to your order to weinor. That way delivery of the correct type and number of brackets is guaranteed. If our product can not be used as upon agreement due to false or lacking information we or any auxiliary person do accept contractual or non-contractual liabilities only in case of malicious intent or gross negligence.

In order to mount all brackets corresponding their fixing base you will need suitable mounting systems. For mounting on concrete C20/25 we recommend heavy duty anchor-systems from fischer (e.g. FAZ II M12/10 GS or FAZ II M12/30 GS). In case of mounting on any other base referred to in our pricelist or on frontal concrete ceiling we recommend the use of injection systems from fischer (e.g. FIS V 360 S). You can order them directly from us.

If you use a different mounting system or your own brackets, you will need a table of pull-out resistance of screw anchors in order to determine the working load.

In addition, our General Terms of Delivery and Payment as per 01/2024, published under the link provided below are valid and we are happy to provide you with them free of charge upon request.

Hi Peter

I have spoken to Ben and he thinks best would be to change all at the same time to try and reduce labour time.

I have requested a price offer for another motor, will most likely be similar or the same, but I have to do it officially. Once I have this I shall come back to you and advise of the cost.

Kind Regards  
Scotty

Hi Scott,  
Ben called and as suspected it's a new motor required. Only took him 5 minutes  
All the best.

Hi Mr Darley

I think it is best when Ben comes up to fit the new motor we go over everything, and we can check all the other awnings and price accordingly for one big hit replacing motors if they are all of a similar age.

Let me have a chat with Ben about this and we will advise accordingly.

Thanks  
Scotty
