Good Morning

Please can you review the attached photos relating o the below line on order SO16356 you supplied to us recently.

We fitted these screens in June and our client has had nothing but issues with one of them since. After inspection, my installation manager has found that the fabric has not been cut correctly in manufacturing and therefore the blind Is not running correctly – we cannot rectify on site, the blind will need to be remade please.

It is x 1 of the 2 below that Is affected so need only x 1 replacing please from this line of the order.

If you can action an FOC remake it will be greatly appreciated.
