Hi Shafi,

The closest match to the curtain fabric is the attached – Aroso Cream.

Will this be ok?

Yes I think that would make sense - please match them with the curtains in the top room

Hi Gohir,

Ok understood, however I am talking about the fabric for the new striped blinds. I just want to make sure we are on the same page and talking about the same thing.

To be clear, for the 2 new striped blinds in the living room, these are to match the curtains? If so that's not a problem as I have that curtain fabric on record.

The sail will be as existing.

Kind Regards

I think my son wants to match them to the curtains that sent. Not the striped ones like the ones in the hallway.

It is for the blinds that look like these please. If you could send a close up and far away pic I will narrow it down with some options.
