Your Louvolite Distributor

HARDWARE SPECIFICATION

75mm & 100mm Slim Fascia

Roller blinds with a slim fascia are manufactured as per the standard Louvolite System 32® - 45® and include the specially designed aluminium fascia. The mild steel universal brackets are zinc plated and powder coated, suitable for top fixing or face fixing. These locate into the specially designed end caps, which are made using high grade ABS material.

Colour spec: White RAL 9010, Black RAL 9011, Anthracite Grey RAL 7016 and Silver.

The side control units are made from glass filled Nylon 6, with an acetal sprocket and sprocket guard, and includes a locking spring.

The operating chain, No. 10 size in metal or plastic, ensures reliable performance, and improved chain location enables quick and easy on-site adjustment.

A spring plunger end mechanism is positioned at the opposite end to the control unit, providing a more

secure fit of the blind and smooth operation. The side control unit is fitted with a centre plug that ensures the mechanism operates smoothly even under extreme loads.

For blinds over 1500mm the intermediate bracket is required to support the fascia. These are made of mild steel and are silver.

Performance

To ensure a positive performance, all Louvolite roller system units are designed and manufactured in the UK using prime plastic materials and a dedicated steel locking spring.

The sidewinders will lock into the bracket with the unique bracket securing pin for safety after installation.

10 year life cycle testing is done to ensure long lasting performance.

Operation

Using manual or motorised operation, all blinds must be compliant with the child safety elements of BS EN13120. Where children may be present, the chain

must be fitted with easy-break connectors or a cord tidy.

Bottom Bar

Standard, made of aluminium or pvc, can be single or double wrapped in fabric or left exposed, while circular and the dual face Gemini, made of aluminium, only have the fabric formed and locked into the top part to leave the bar exposed. All fabric is formed and held into place with locking tape. The dual face Gemini bar, smooth on one side and angular on the other, improves the ease of manufacture and use of thicker laminate fabrics.

Maintenance

The system components are manufactured using aluminium, treated steel and plastic. They do not present any corrosion problems in normal environments. The system has been designed for a smooth operation, together with a rigidity to prolong the window blind's working life. Manufacturing size restrictions are included in this specification brochure.

Subject: RE: SO16673 Taylor

Hi James,

~~I think these two could work.~~

Are you able to send us a quote for both options, operated with Somfy Sonesse Ultra 30 RTS Li-Ion battery motors, Perspective 3% (non-silver backed) and a white metal bottom bar (I think the Gemini one would do)?

Sizes are:

- 1770 x 2170mm (blind size)
- 1600 x 2170mm (blind size)
- 1770 x 2170mm (blind size)

Plus 1x 5 channel remote and a charger (with the longest cable possible, no extension). Many thanks.

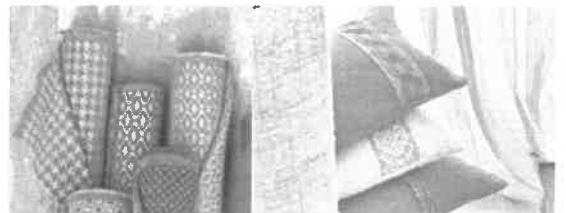

Kind Regards

Tamara

Subject: RE: SO16673 Taylor

Hi Tamara

Yes we can offer either the flat fascia in 70mm or 100mm in white, black or anthracite.

Alternative we can offer the 75mm or 90mm square fascia in white only.

I have attached said data sheets.

If these are not suitable I maybe able to source an alternative if you can give me a bit more of an idea the style the customer is looking for.

I trust this helps, any questions please give me a call.

Kind regards

James Cassidy

Subtotal	£ 1,972.00
GST	£ 98.60
Total	£ 2,070.60
Paid amount	£ 0.00
Total amount	£ 2,070.60

Please note: This quotation is only valid for acceptance for 7 days. Our estimate does not include any electrical work or additional carpentry work to install the above unless otherwise specified. Please note there is a handling charge on customer own fabric of £7.50 per metre. Due to high costs of labour, pre-arranged missed fitting appointments will be charged on a time-wasted basis. Settlement is due on completion of works and an administration charge of £25 will be added per month if unpaid within 30 days. We reserve the right to charge for design, advice and liaison work carried out should an order not be placed. Goods remain the property of CP Interiors until full settlement is received. Should payment not be received we reserve the right to attend premises during working hours to remove goods and not be required to make good. Our full terms and conditions apply and are available on request.

Re - quote with fascia similar to fascia in showroom
White metal bottom bar, not covered in fabric.
