Dear Customer

Please be advised that we cannot guarantee this blind.

When blinds are ordered where the drop is three times greater than the width, often the blind will not roll symmetrically. We therefore do not recommend roller blinds of such dimensions and we will not guarantee the product on this aspect only .

If you wish to proceed with the order with the more than the 3:1 ratio please sign below and return.

However, by doing so, you will be accepting that we will not guarantee this product and no refund or discount will be given due to operational problems caused due to the dimesnions.

Signed Rachel Bagel Date 19/01/2026

Yours sincerely

Novatec
