Hi Scott.

x2 = £602.40 markup? Fitting?

So the cartridge will cost £301.20 and then £112.00 approximately to ship with UPS. I cant tell you exactly on shipping until its actually boxed up and weighted but we've mocked it up, and this will be about right.

If you want to go ahead, let me know !

I don't think you can just select the cartridge on our order form so we might just have to raise a proforma for you and do it that way.

Kind regards
Alison.

have put retail price of supply on quote only - no fitting or carriage.
