Offer version 3 of 11.02.2026:  
We have splitted Artares by 1700 and 5700 mm to have possibility to make smaller W17-easy in width of 1400mm (configured separately in last position, not shown on the sketch with Artares)  
We have adjusted 2025/year prices  
\*\*\*\*\*

Offer version 2 of 05.02.2026:  
We have added RGB light in the lower part of front posts  
\*\*\*\*\*

Please note:  
We can not make W17-easy between the posts On S2 of the smaller Artares because the glasses would be too narrow for this height, instead we have quoted W50 c fixed frame (configured in a separate position)
