Stubbs

Hello Ben,

As discussed in our meeting this morning, see attached setup instructions for the motor and the integration.

I'll arrange to get you 3 new motors and a charger sent out today as well.

**Marshall Hill**

Technical Manager - Umbra

If you've received this by mistake, give me a shout, because somebody with a name very similar to yours will think I'm ignoring them. Only print it out if absolutely essential (like if there's a long checklist or something).

Thanks Marshall. I have copied Ben in who is the person who will need your assistance.

Kind Regards

Leeana
